DATA INTERPRETATION

Dataset

Sept. 2020 last update

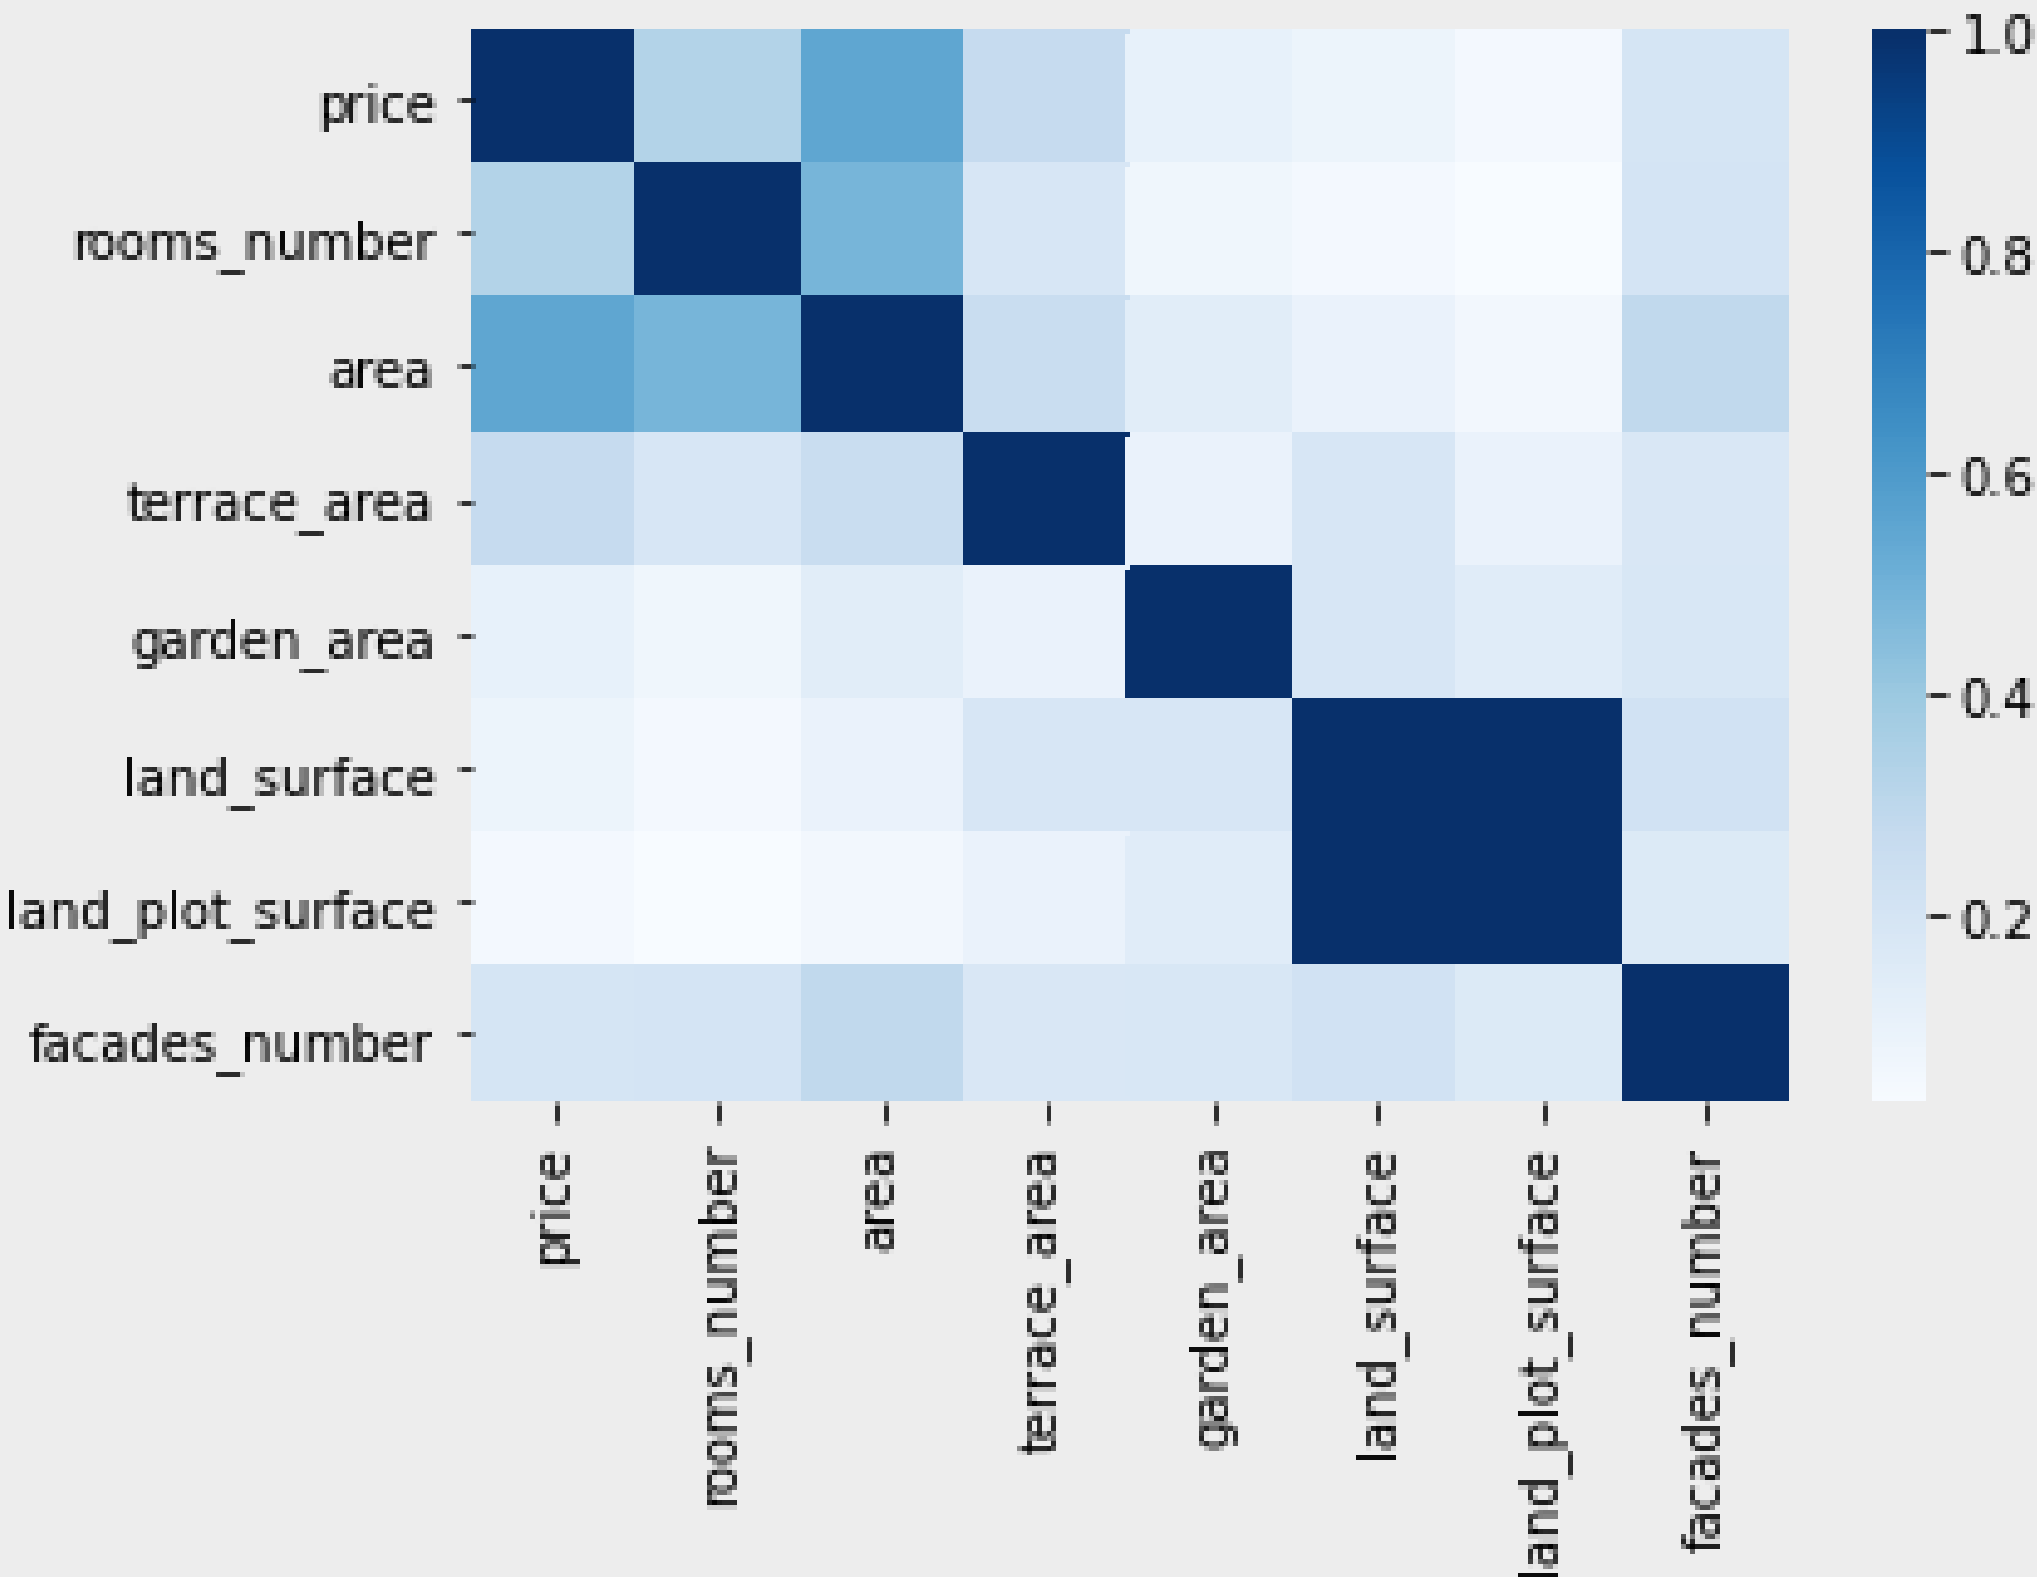

43342 properties

- No price extreme values
- No null data for price and location

Properties price

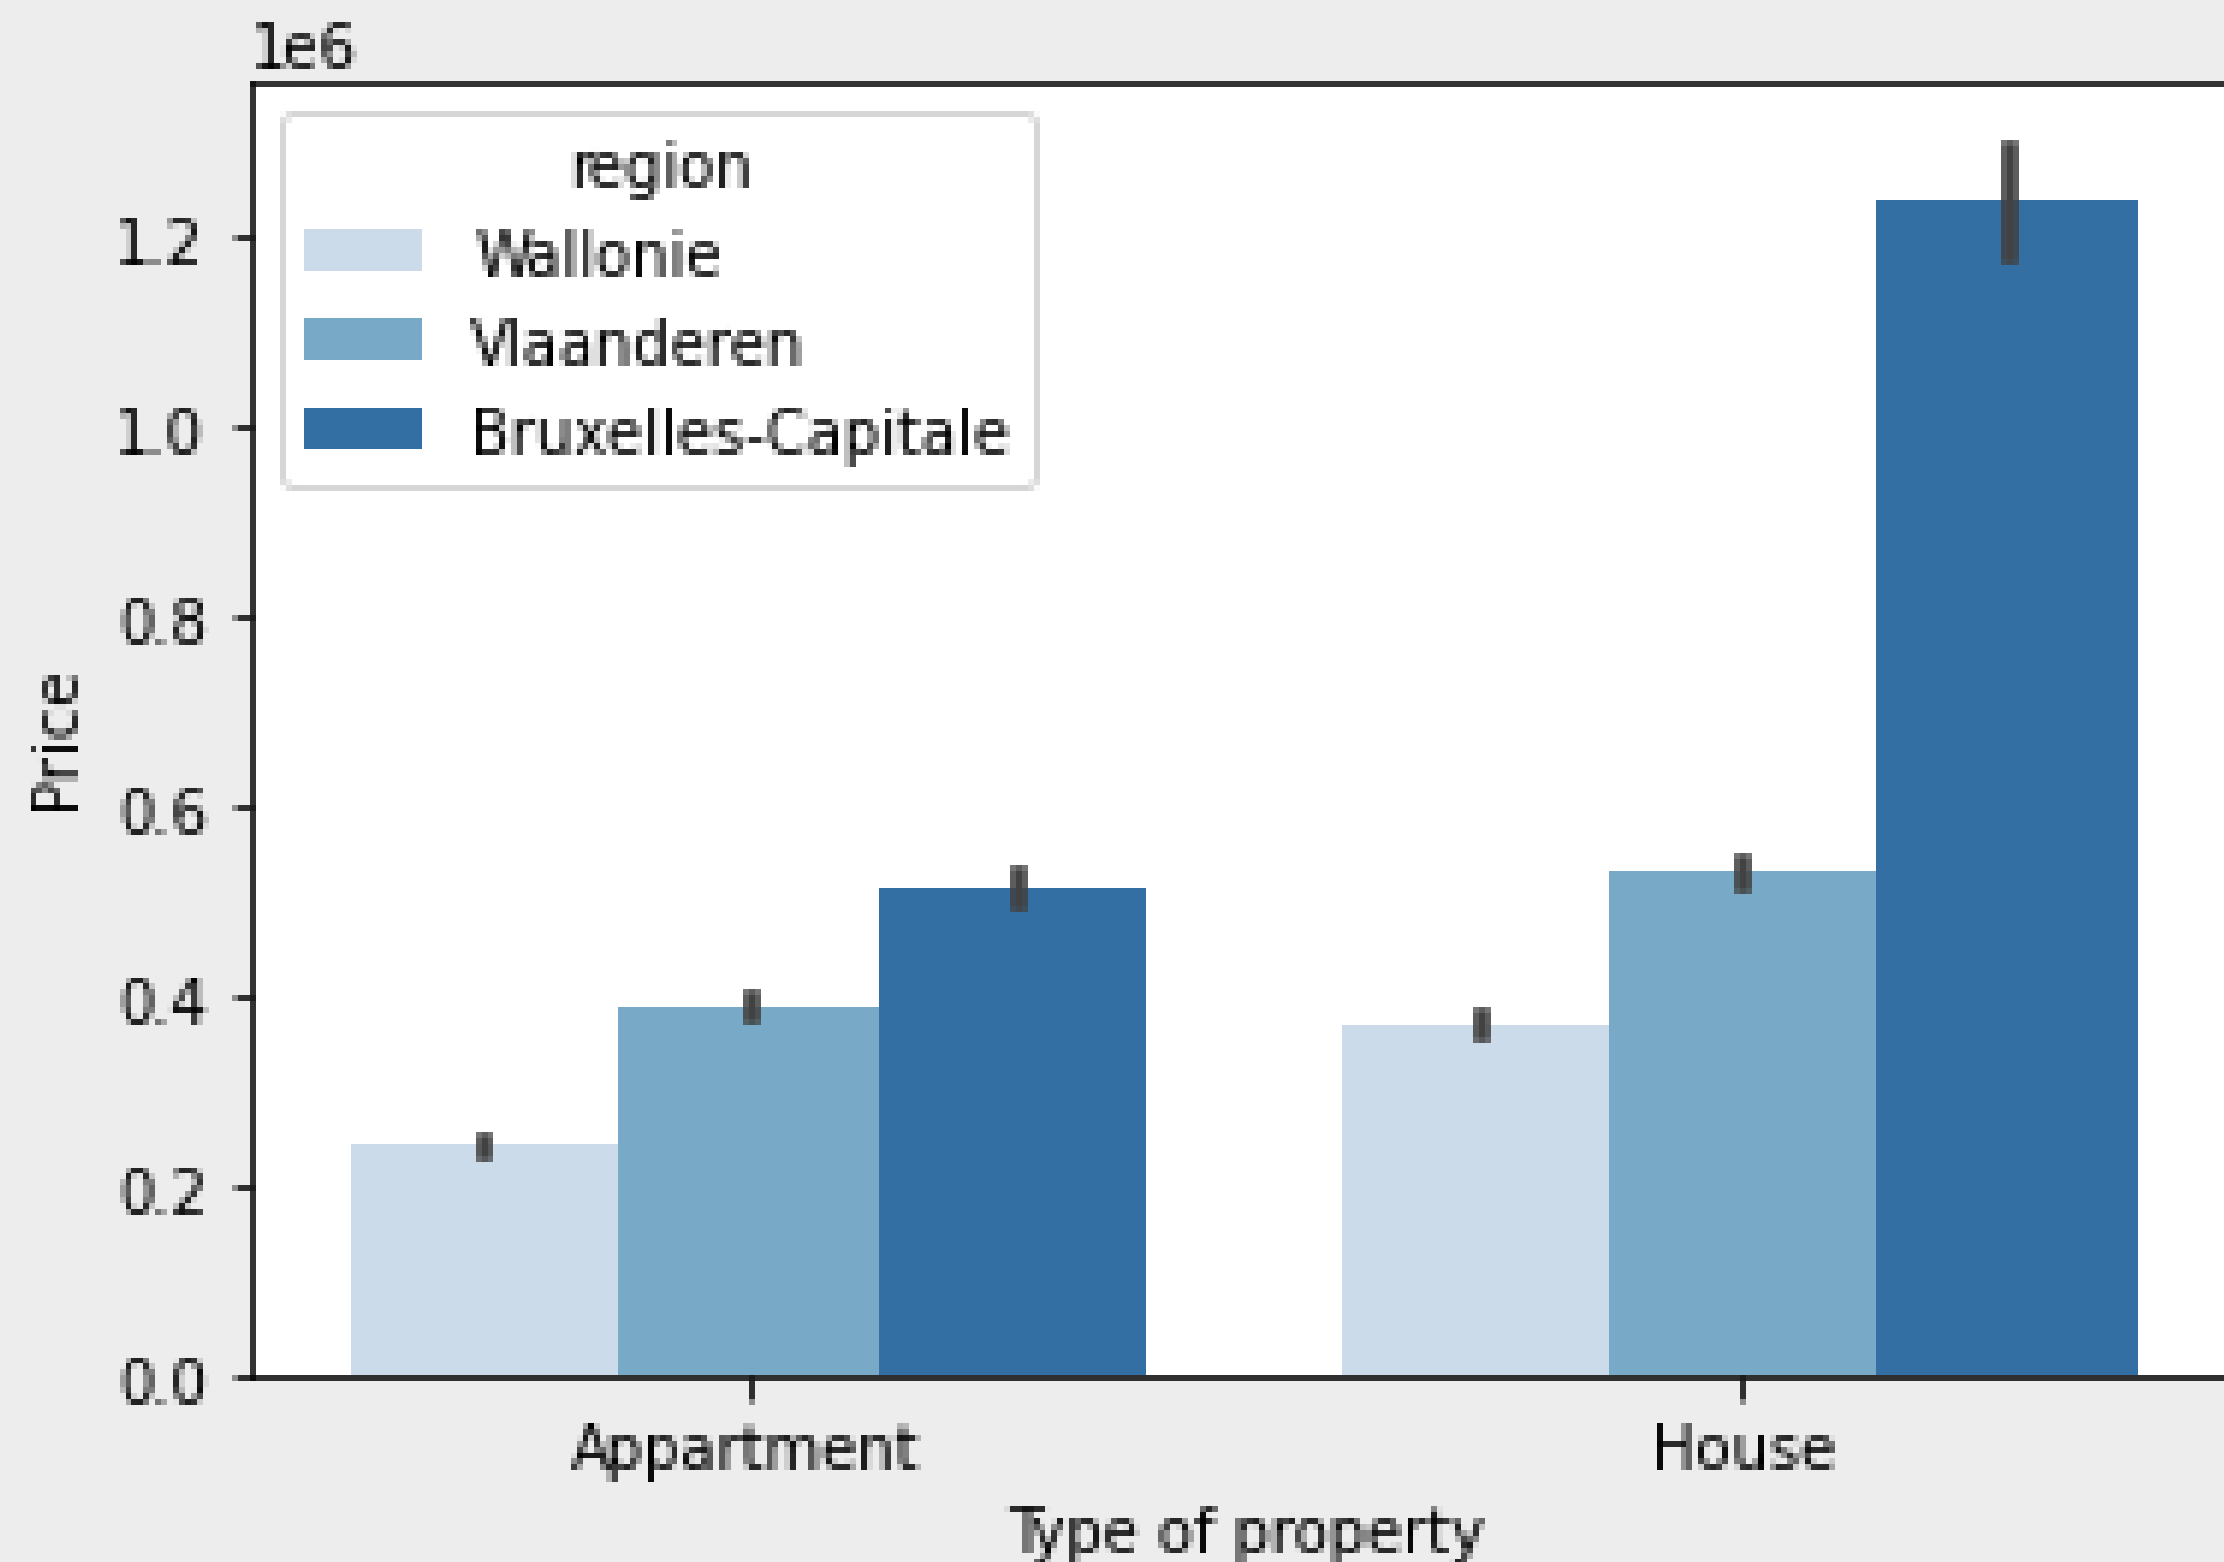

Price is especially related to area dimension

Regions

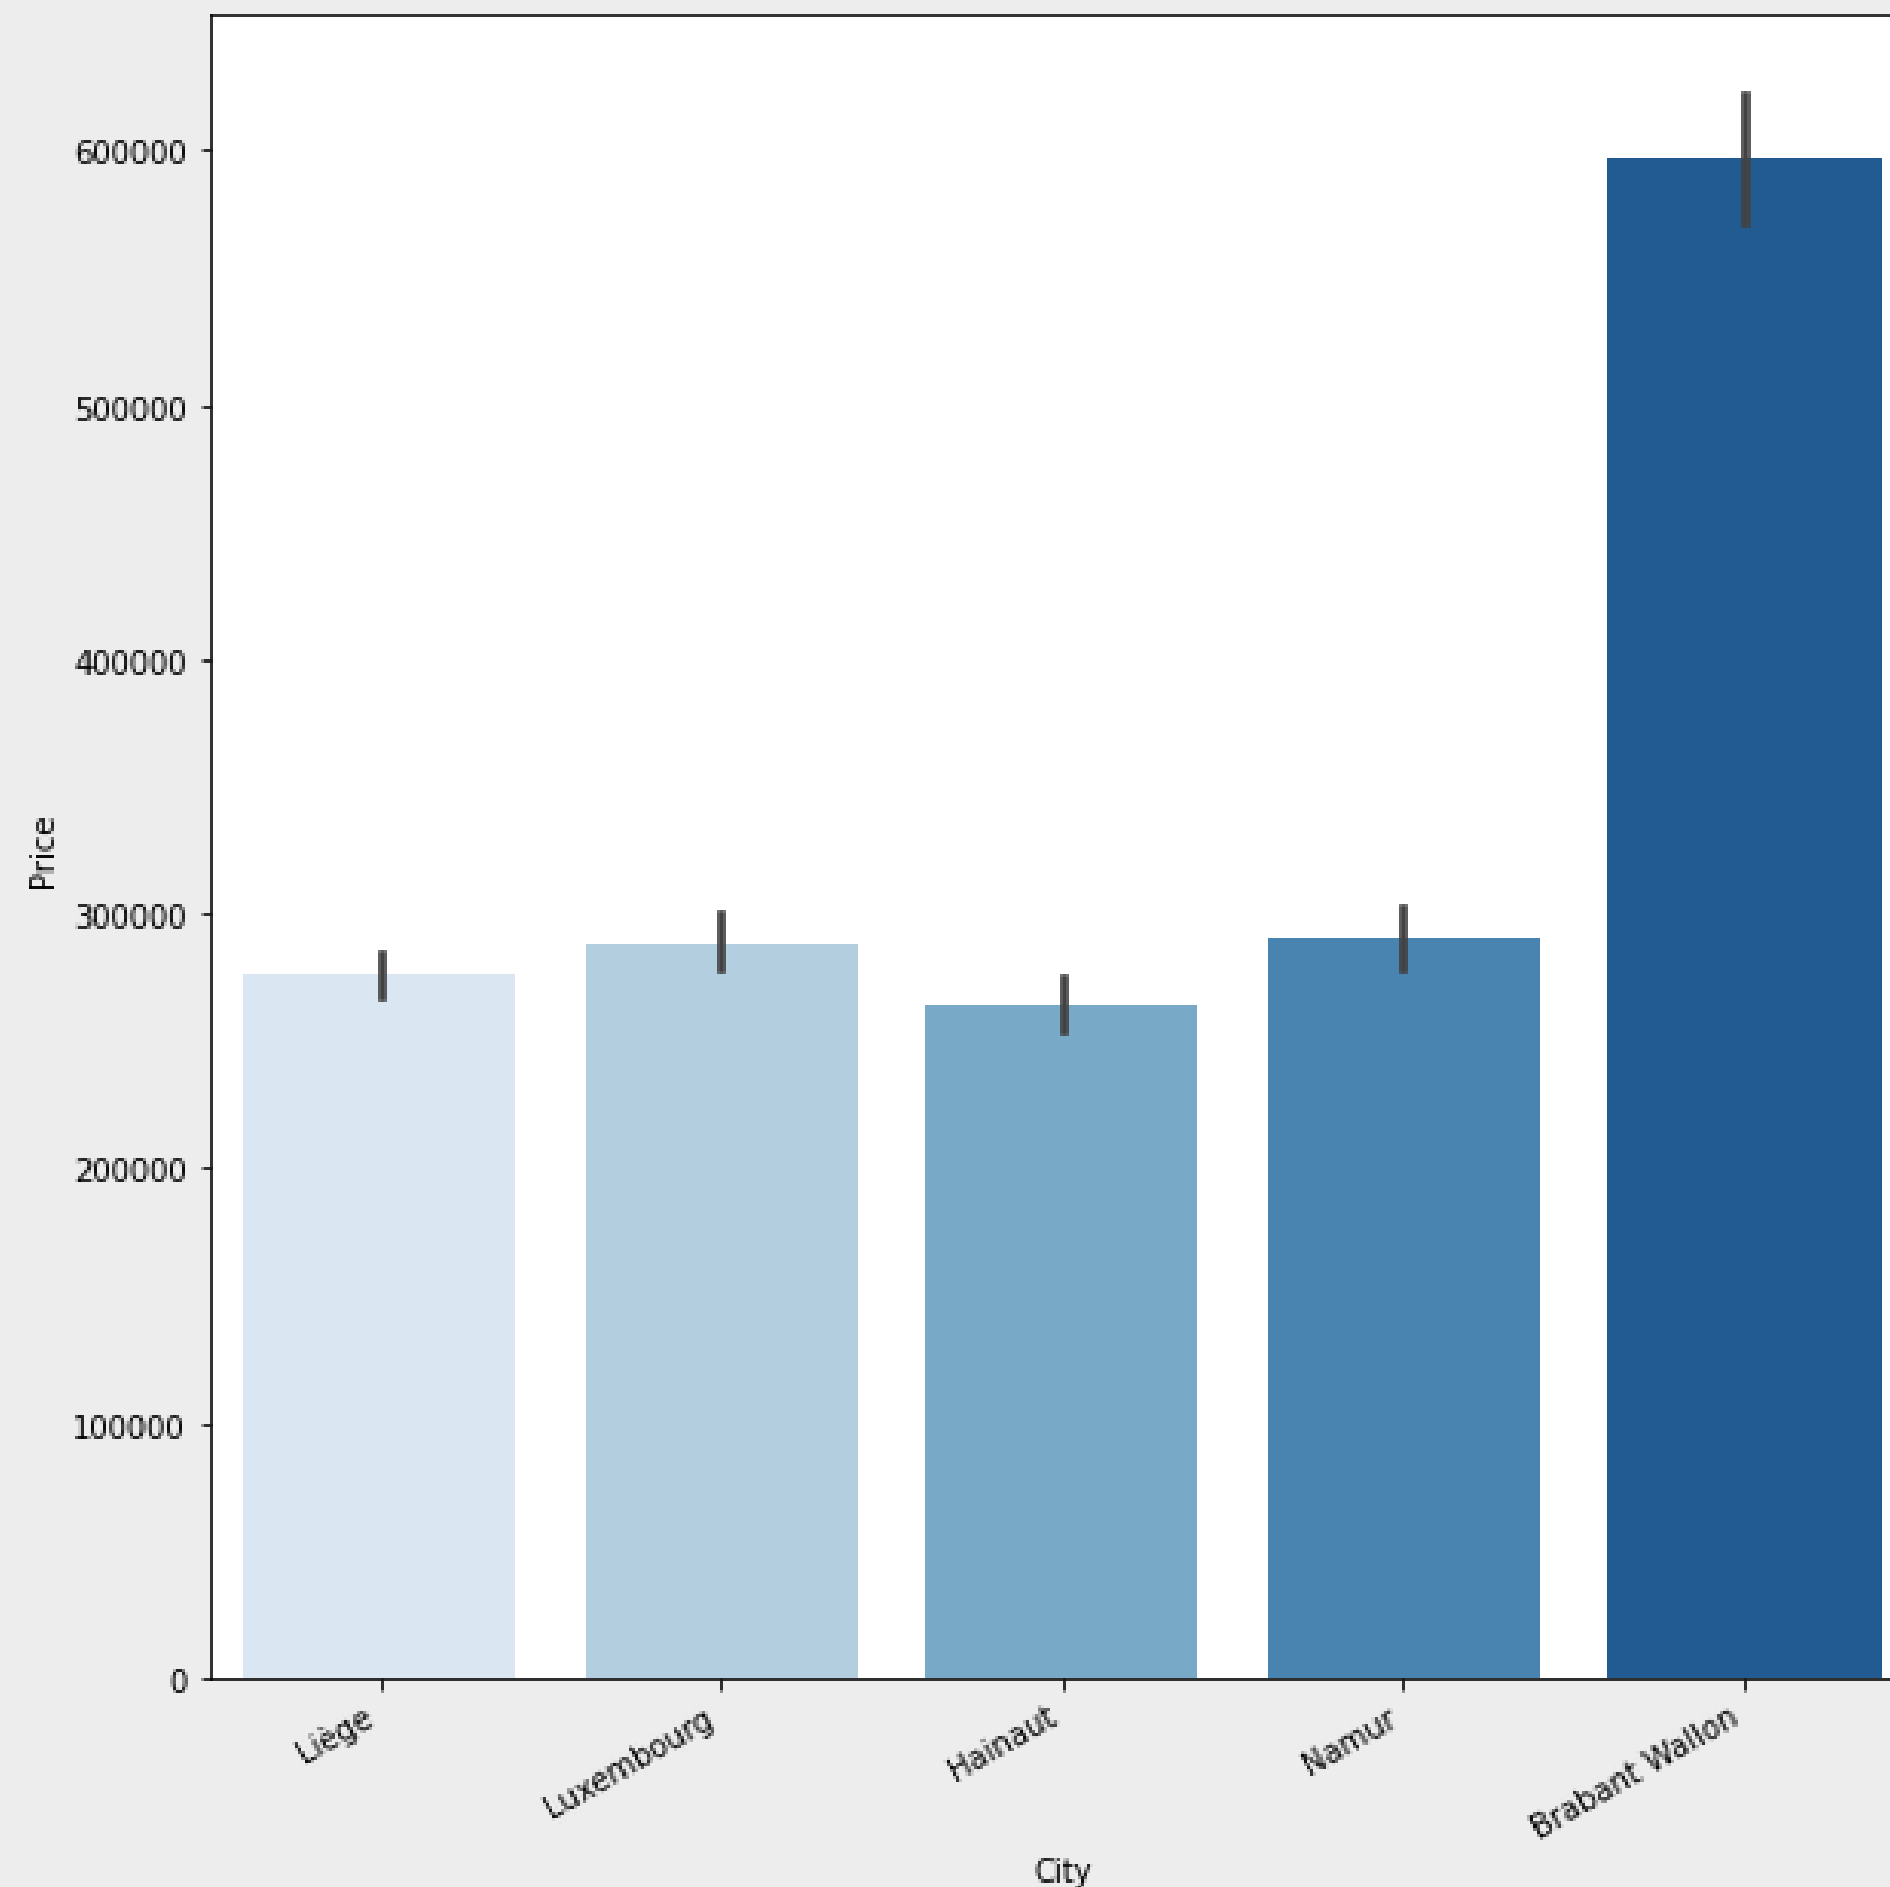

Properties in Brussels are more expensive than properties in Wallonia or Flanders.

However, houses in Brussels double the price of houses in Flanders or Wallonia.

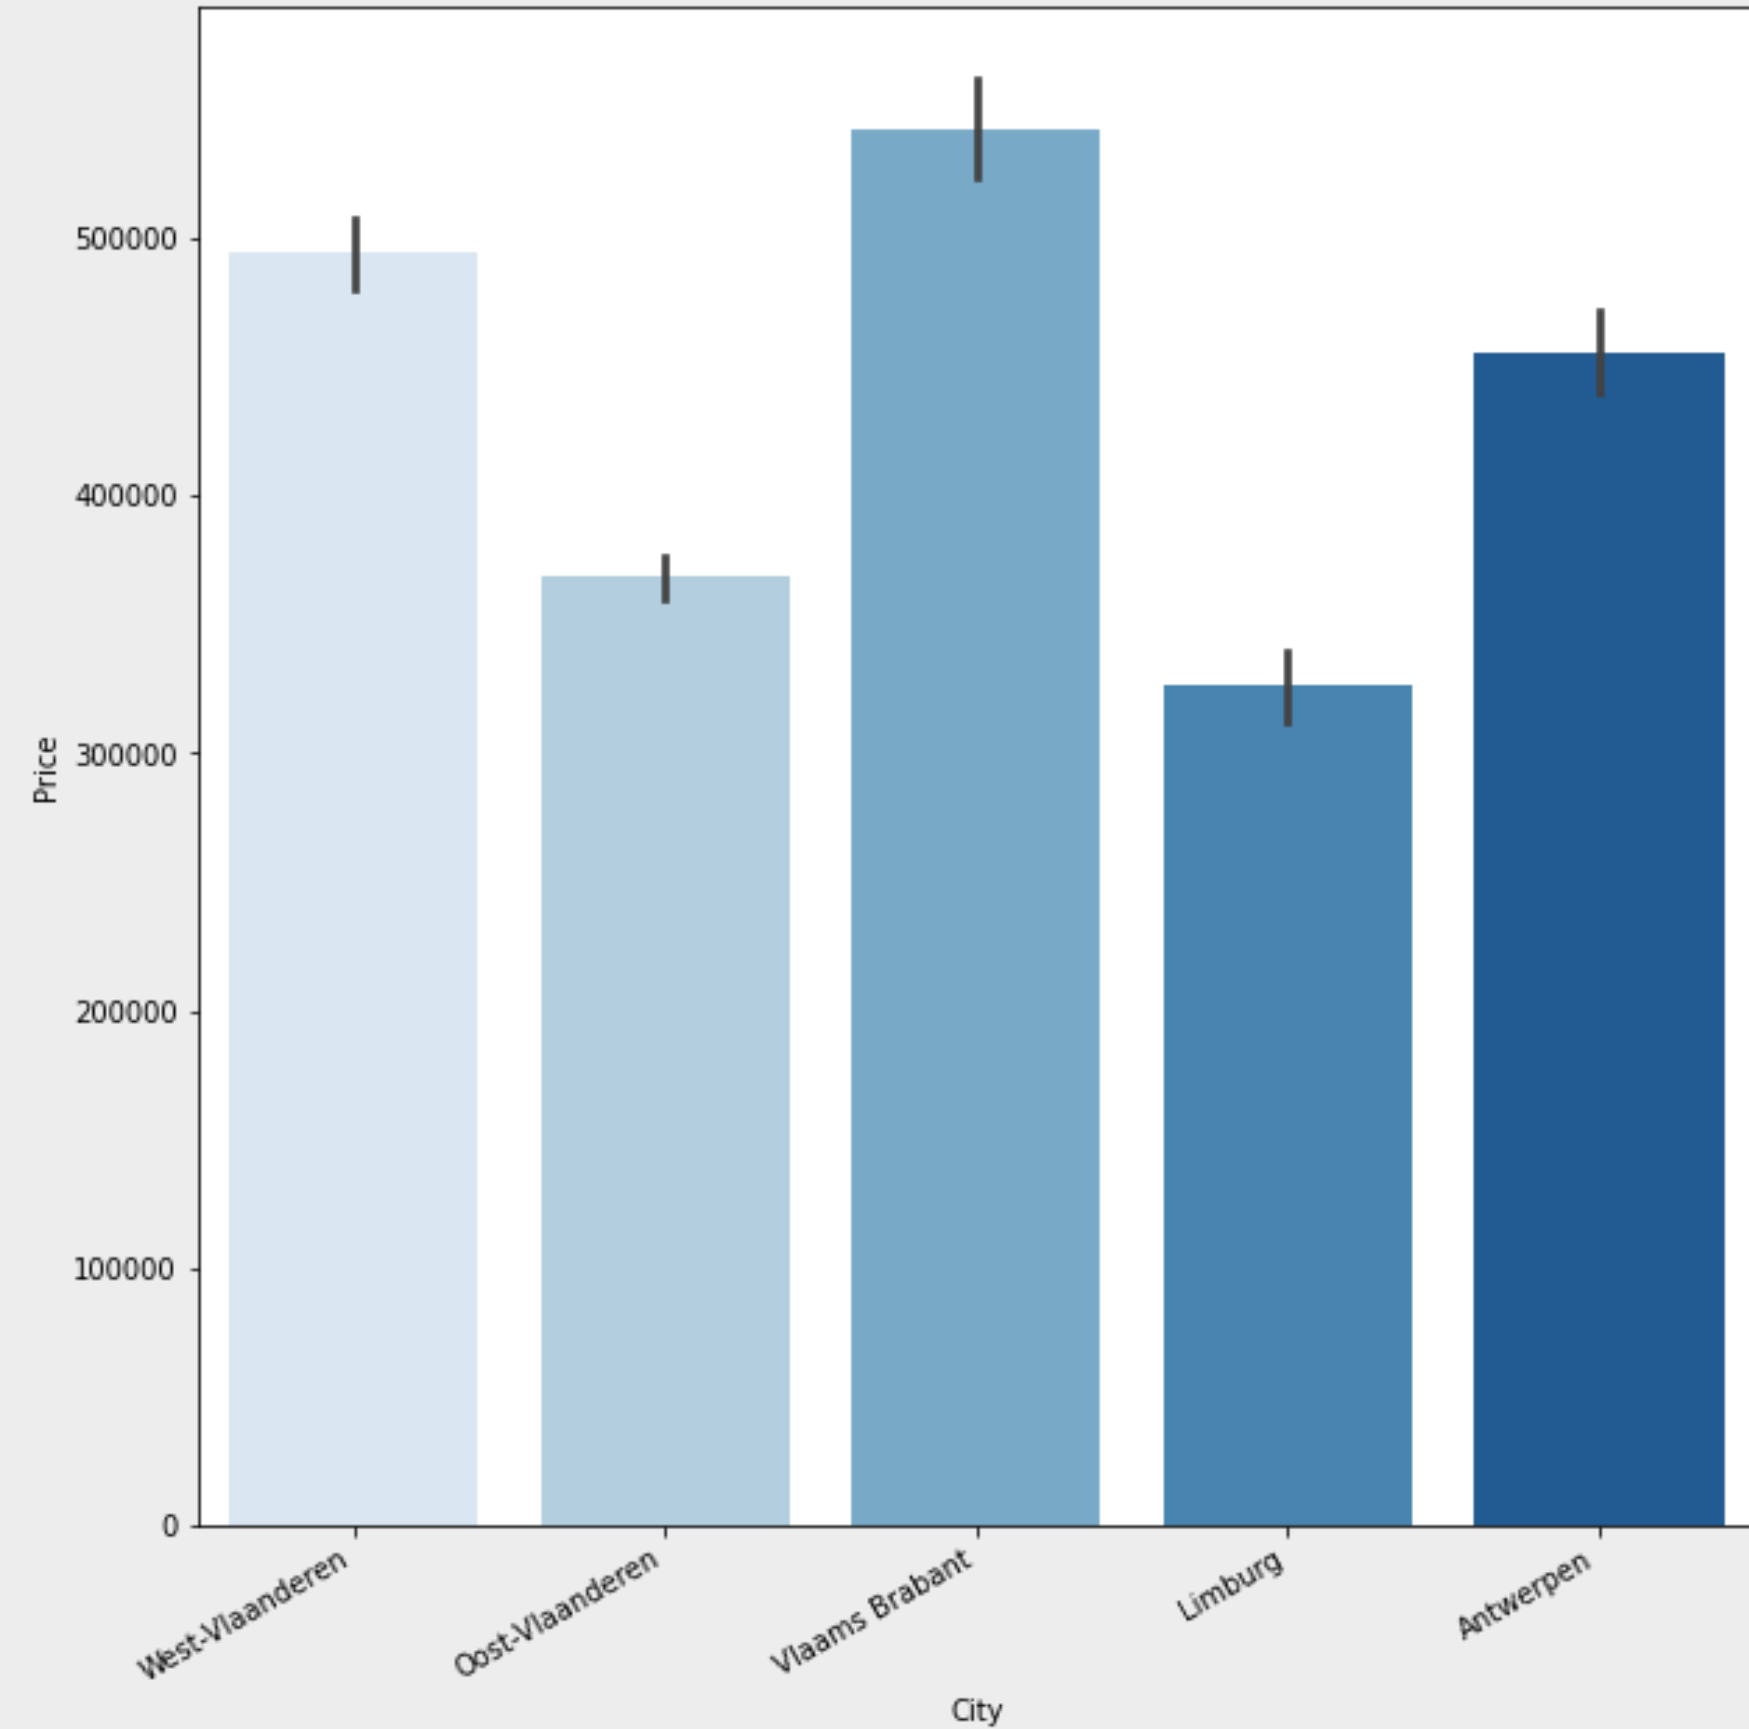

Wallonia

Brabant-Wallon is the most expensive province in Wallonia, while there is no much difference in price across the other provinces

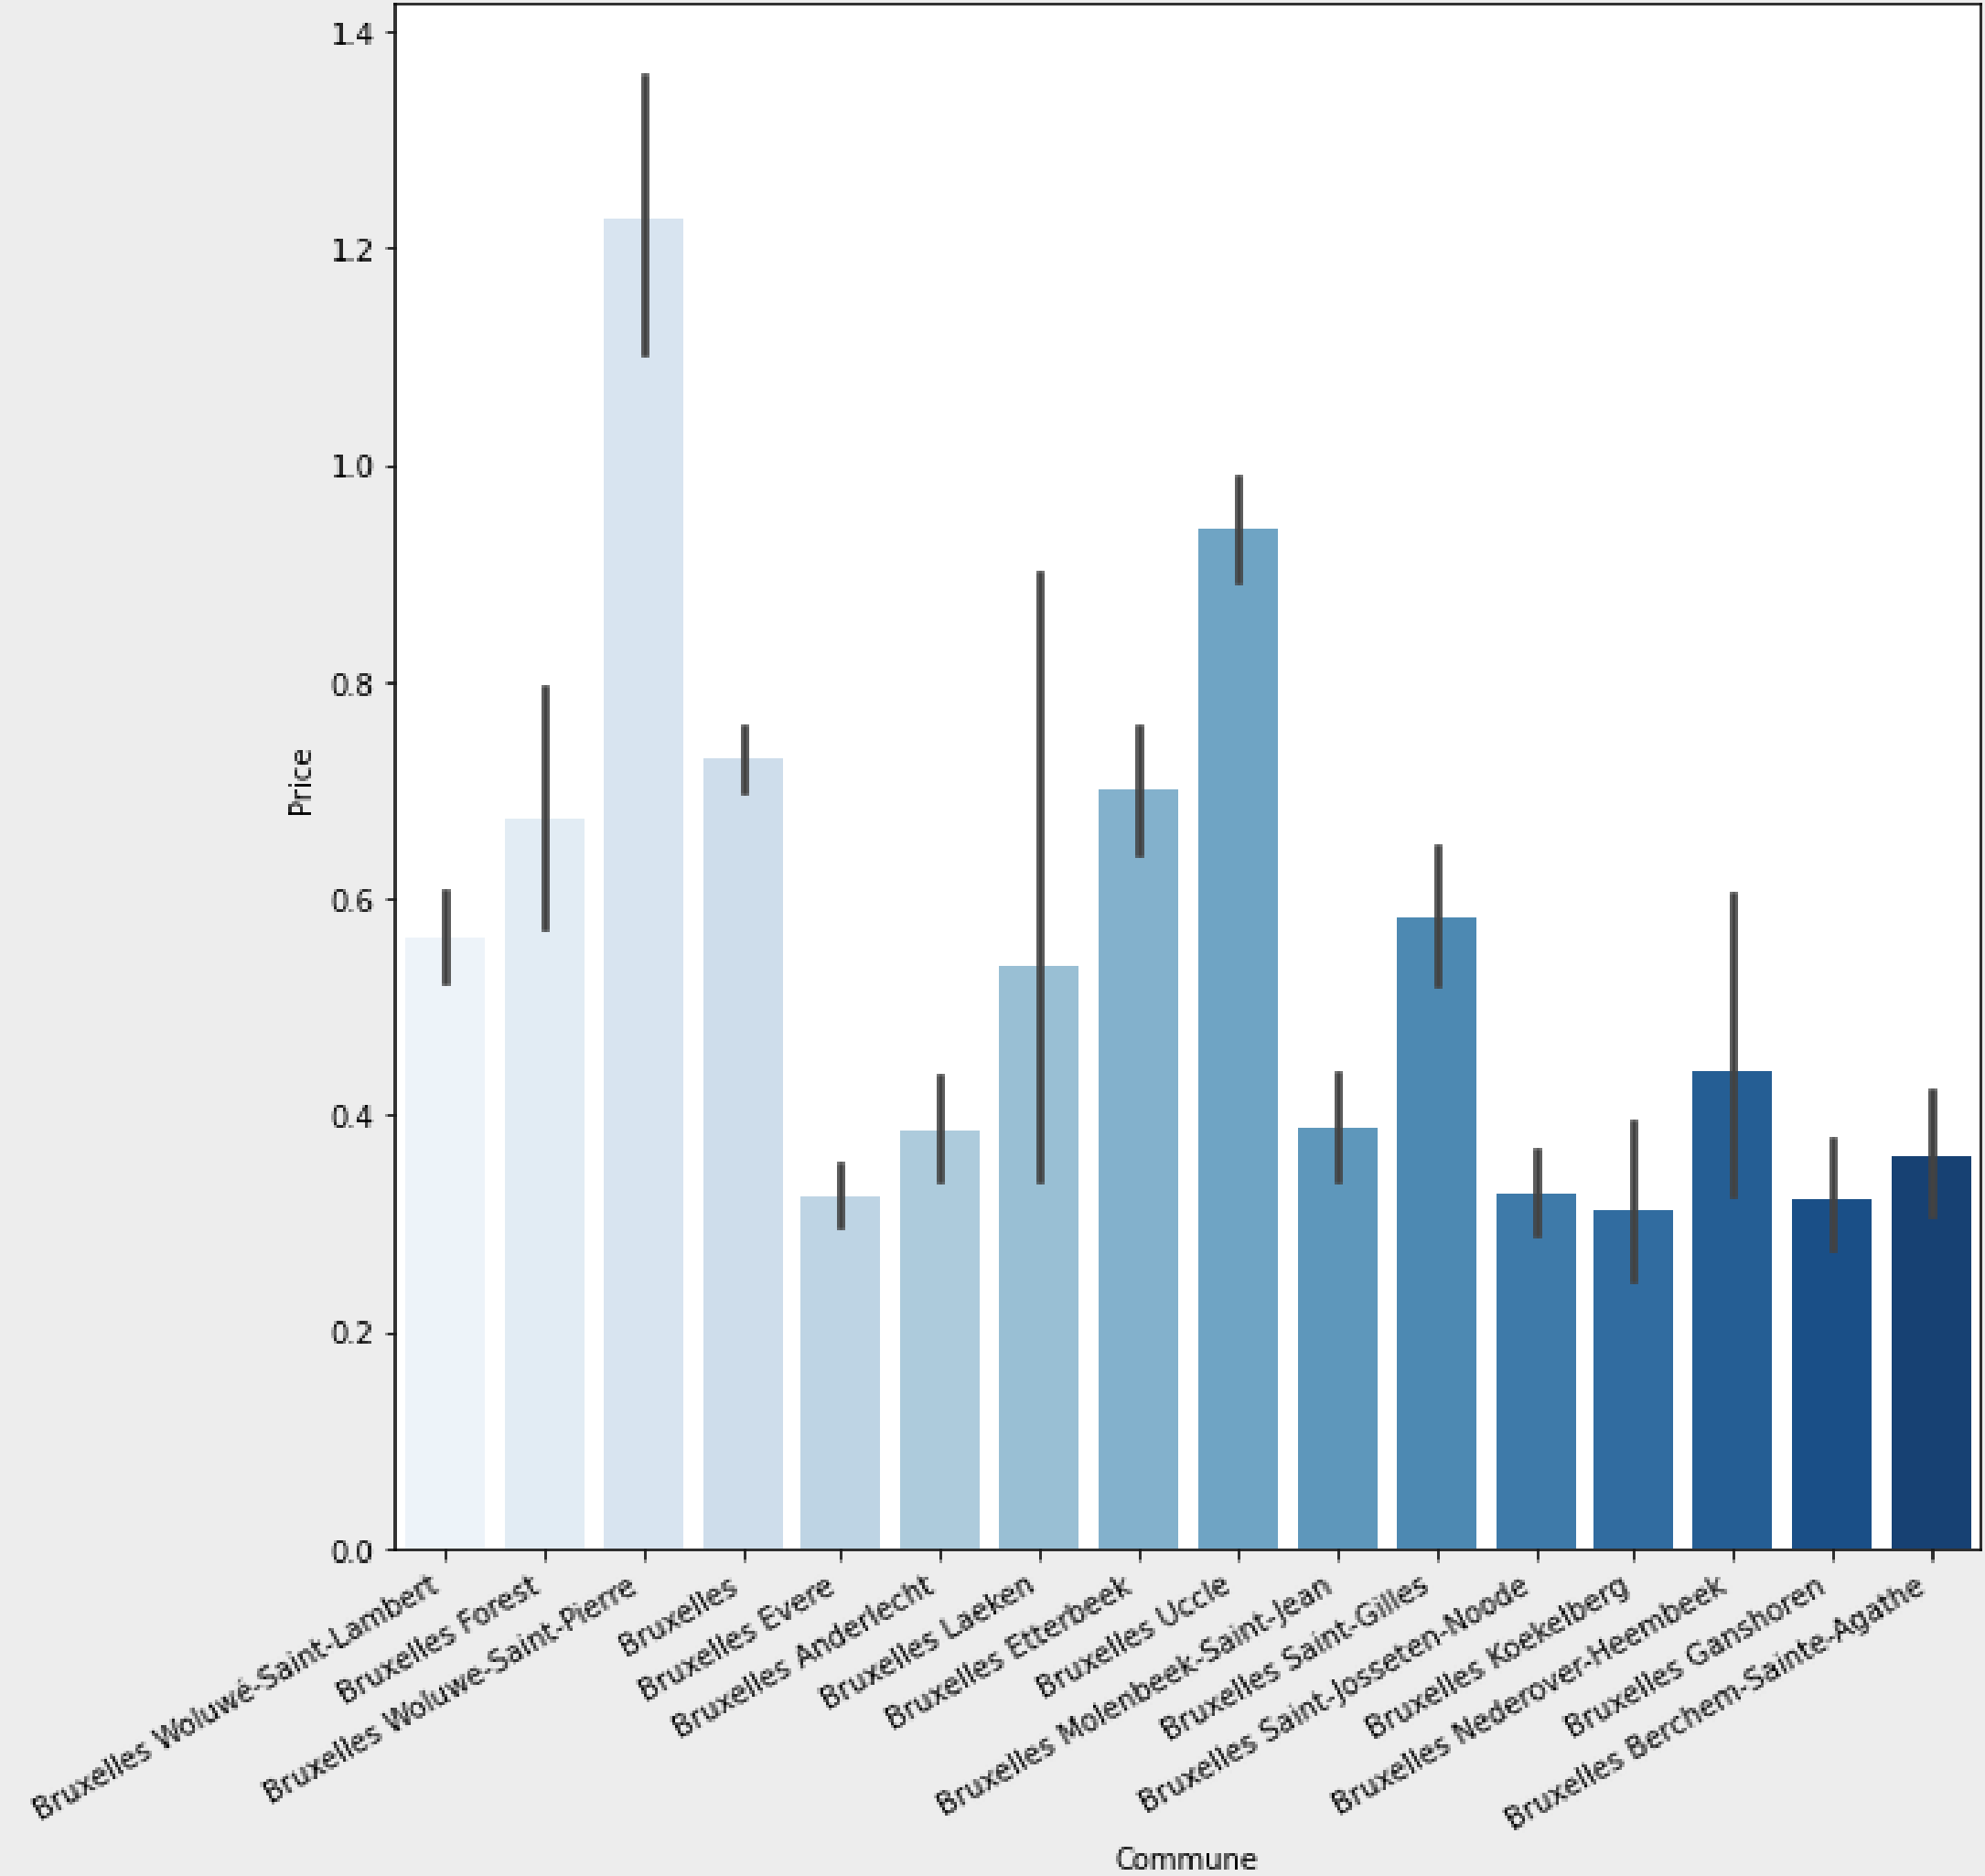

Flanders

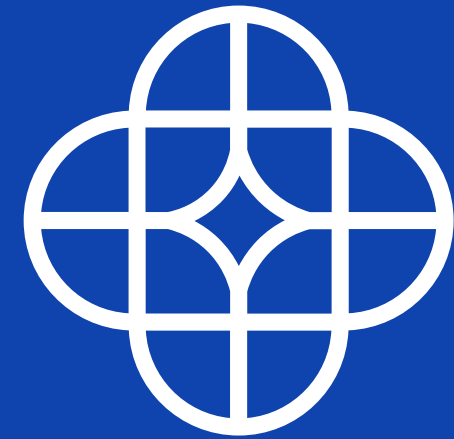

Vlaams-Brabant is the most expensive province in Flanders, and Limburg the cheapest one.

Brussels

Woluwe-Saint-Pierre is the most expensive commune in Brussels, while Evere and Koekelberg are the cheapest ones.
